Routine Notes

[To be used only for notes, requisitions, etc, not intended for permanent record]

The Reports of the Bangalore and Mysore City Municipal Councils will be read as usual. In these circumstances it is a matter for the consideration of the Administration Report section whether the Municipal chapter of the State Report from 1916-17 may contain information relating to the City Municipalities only.

If it is decided to include the information relating to other Municipalities also in the State Report the information contained in the brief reports to be received from

The question suggested involves several difficulties and requires careful consideration the facts are as follow—

For the purpose of the General Admin report of the State, Brit used hitherto to send up a Section (see para III of the Standing Orders and also appendix XVI the latter is intended to show in detail the financial position and stability of each municipality in the State

If the Section above referred to will have to include hereafter information regarding mfg Cos and companies — which are at present mfg in the State it will appear meagre and will not indicate the

the true effects and operation of the Local Self Govt Scheme and consequently a general Reader either written or not sure the State will lose much interest for want of complete information A form of the Suggestion from Book V is to be adopted, then on the appendix XVI the figures relating to the income and expenditure of any 2 of municipal councils are those to be entered, then the approved and prescribed form of appendix XVI not only takes a new form but also will be an incomplete statement of the municipal affairs as a whole

The brief report available

for the Dean's address that it will not be of much help for the preparation of either the Section or the Appendix above referred to.

Under these circumstances, it seems advisable to follow the usual procedure and prepare a complete Section on the basis of the information contained in the copies of reviews and Annual reports furnished by the Dy Comrs as well as on the reports from the Agricultural Commissioner of the Imperial Agricultural Research Board. This seems to be feasible inasmuch as the date fixed for the submission of the annual report on the Agricultural Administration is 1st October and as there will be ample time for Br IV to prepare a Consolidated Section on Agricultural Administration
